You may receive counseling services through the following pathways:

1. Self-Pay / Sliding Scale – Website: **charlieraо.org** – Ideal for clients paying privately or utilizing a reduced fee rate.
2. Insurance – Dua Health – Website: **duahealth.co/charlie-rao** – Clients using insurance through Dua Health **must** request **Charlie Rao** specifically to ensure correct provider matching and continuity of care.
3. Insurance & Self-Pay – Headway (In Progress) – For clients using eligible insurance plans through the Headway network.

Regardless of pathway, all therapy sessions maintain the same confidentiality, ethical standards, and quality of care.

Confidentiality & Its Limits

Your privacy is a top priority. Information shared in counseling is confidential and cannot be released without your written consent, except as required by law.

Confidentiality must be broken when:

- There is a risk of serious harm to yourself or others.
- There is suspected abuse or neglect of a child, elder, or dependent/vulnerable adult.
- Records are court-ordered or subpoenaed by a judge.
- Disclosure is required for mandated supervision or professional consultation (if applicable).

In cases of potential harm, steps will be taken to protect safety, which may include contacting emergency services/ designated emergency contacts.

Confidentiality and Legal/Mandated Duty to Report

Everything you share in counseling is treated with care and respect. Your records are stored securely under double lock, as required by Texas law, and are never shared without your written consent—except in specific safety situations.

I may be required to share limited information only if there is a serious risk of harm to you or someone else, or if I suspect abuse or neglect of a child, elder, or dependent adult. These requirements come from TX Administrative Code §681.41 and TX Family Code §261.101, which guide all licensed counselors to act in good faith to keep people safe. Reports made in good faith are protected under TX Family Code §261.106.

My goal is always to protect your privacy while also meeting my legal and ethical responsibilities as a licensed therapist. I will always do my best to discuss any safety concerns with you whenever possible before taking further steps.

Ending or Pausing Therapy, Follow-Up, and Therapist Availability

You may choose to end or pause counseling at any time. I may also recommend ending or pausing therapy if we've met your goals, if therapy no longer seems beneficial, or if your needs would be better served by another provider. In such cases, I'll provide referrals and help ensure a smooth transition of care.

If therapy ends unexpectedly—for example, due to loss of contact or repeated missed sessions—I will make reasonable efforts to reach out, offer closure, or provide referral options. This follows TX LPC ethics and the duty to avoid client abandonment (22 TAC §681.41 [m]).

During scheduled vacations, holidays, or brief leaves, sessions may be paused/rescheduled. I will notify you in advance when possible, provide emergency contact information if needed. Email replies may be delayed during times, but I'll resume normal communication upon return.

After therapy has ended, I may check in briefly to see how you're doing. These occasional follow-ups are optional, supportive, and not considered formal therapy unless both parties agree to resume sessions.

Session Rates

- **Follow-up Session (60 minutes): \$100**
- **Mini Session (45 minutes): \$80**
- Sliding scale available upon request.
- Late cancellations or no-shows may incur a **\$50** fee if not canceled 24 hours in advance.

Invoices for missed or late-canceled sessions may be sent electronically or by mail.

Emergencies

If you are in immediate danger, please call **911** or **988**.

For non-emergency crises, you may also contact:

- Fort Bend County 24-Hour Helpline: **(800) 633-5686**
